CLASS ACTION

Judge: Hon. William F. Highberger

Department: 307

Date: Friday, September 16, 2011

Time: 11:00 a.m.

I, Steven M. Tindall, declare as follows:

DECLARATION OF STEVEN M. TINDALL IN SUPPORT OF
MOTION FOR FINAL APPROVAL AND REQUEST FOR
ATTORNEYS' FEES AND COSTS AND INCENTIVE
PAYMENTS TO NAMED PLAINTIFFS - 1
CASE NO. BC448670

1. I am a member of the Bar of the State of California and am admitted to practice before this Court. I am a partner in the law firm of Rukin Hyland Doria & Tindall LLP ("Rukin Hyland"), counsel of record for the Plaintiffs and the Plaintiff Class in this action. I have personal knowledge of the facts set forth in this declaration and, if called upon to do so, could and would testify competently thereto, except where I make a statement on information and belief, in which case I am informed and believe the statement to be true.

2. Along with my co-counsel, Law Offices of Terrell Marshall Daudt & Willie and Berk Law, I have had responsibility for the prosecution of this case on behalf of the Plaintiffs and the proposed Plaintiff Class since the fall of 2010.

3. While working on this matter, I (and other personnel from Rukin Hyland) engaged in the following activities, among others: conferring with Plaintiff Alice Tran and other class members regarding Plaintiffs' claims; researching consumer complaints on the internet; meeting and conferring with Honda regarding Plaintiff's informal discovery requests; reviewing documents and other information produced by Honda; participating in a conference with Plaintiff's automotive expert; preparing for, travelling to and from, and taking the deposition of Honda's person most knowledgeable concerning the alleged defects in the sun visors, the countermeasures Honda has taken to address the defects, and the number of warranty claims regarding the visor; analyzing the strengths and weaknesses of the case, both factual and legal, and assisting in the preparation of damages calculations; preparing for and participating in the settlement negotiations with defense counsel; revising the detailed terms of the settlement agreement; drafting and revising the class notice and claim form and proposed order; researching and drafting the mediation brief in this action; revising and editing the proposed settlement, the mediation brief, and the motion for preliminary approval of the settlement; revising and editing the motions for final approval of the settlement and for fees and

preparing supporting documents regarding the same; contacting class members and responding to Class Member inquiries about the settlement and claims processes.

4. I anticipate that Rukin Hyland attorneys and paralegals will devote substantial additional time to this litigation after this brief is submitted—time that is not reflected in the lodestar identified in Paragraph 11, below. This work will include responding to questions of Class Members regarding the Settlement and Class Notice, responding to any further objections or other comments filed by Class Members, appearing at the final approval hearing, and, if the Settlement is finally approved, overseeing the implementation of the settlement, including any appeals of denied class member reimbursement claims. Plaintiffs' Counsel will not seek additional payment of attorneys' fees beyond what is included in the request for attorneys' fees filed herewith.

5. I am informed and believe that Plaintiff's Counsel's skill and experience were keys to Plaintiffs' success in this case. I am informed and believe further that Plaintiff's Counsel's demonstrated ability in previous cases to certify classes in the face of an aggressive and exhaustive challenges, develop evidence of liability and damages, retain a highly qualified expert to help establish proof of liability, and convince Honda that Class Counsel were prepared to litigate the case through trial were all critical to reaching a settlement favorable to Plaintiff and the Class. Based on my calculation of the potential damages at issue in this case and my assessment of the risks that the Class may not be certified or that Plaintiffs and the proposed Class might not prevail on one or more of their claims through trial, I believe the parties have reached a fair, reasonable, and adequate settlement, and I fully support it.

6. The following is a brief description of my professional background. I am a 1996 graduate of the University of California at Berkeley School of Law (Boalt Hall). Following graduation from law school, I served as law clerk to United States District Court Judges Judith N. Keep of the Southern District of California and Claudia Wilken of the Northern District of

California. Thereafter, I was an associate at the San Francisco office of Lieff Cabraser Heimann & Bernstein, LLP, one of the country's premier plaintiffs' class action law firms. In January 2002, after three years as an associate, I became a partner in the firm and was a partner at the firm for the next five years. At Lieff Cabraser, I practiced exclusively class action and complex litigation—including consumer, antitrust, and employment class actions. From 1998 until I left Lieff Cabraser at the end of 2006, I represented thousands of employees and millions of consumers in many class action cases. On January 1, 2007, I became a partner in the law firm of Rukin Hyland Doria & Tindall LLP ("Rukin Hyland"), where I have continued to specialize in class actions on behalf of consumers and employees.

7. I have served as lead or co-lead counsel in various class action cases in federal and state courts, including cases against Micro Dental Laboratories, SBC Communications, TMP Worldwide, Longs Drug Stores, Mountain Center, Sierra Pacific Industries, Budget Rent-A-Car, Conam Construction, Southern California Gas & Electric, Ryan Co., CNF, Inc., and T-Mobile. Virtually all of these actions resulted in a settlement worth over \$1 million for class members. The settlements in both SBC and Longs were worth over \$10 million. I currently am co-lead counsel in pending class action employment litigation in the federal courts against Tata Consultancy Services. I was also co-class counsel along with Meade & Schrag LLP in a massive breach of contract class action against Pacific Bell Directory, which was tried to a verdict and is currently on appeal from an Order in the Alameda County Superior Court.

8. I am admitted to the State Bar California and the bars of various federal district courts. I am the author of *Do as She Does, Not as She Says: The Shortcomings of Justice O'Connor's Direct Evidence Requirement in Price Waterhouse v. Hopkins*, Berkeley Journal of Employment and Labor Law, Vol. 17, No. 2 (1996); and I was a contributing author on California wage and hour class issues to *California Class Actions Practice and Procedure*, (Elizabeth J. Cabraser, Editor), Matthew Bender (2006). I have spoken on panels

dealing with class action issues at the Practicing Law Institute and the Contra Costa County Bar Association. I have also appeared on the California Lawyer's Roundtable Discussion series. For the past three years, I have been named a Northern California "Super Lawyer" by SuperLawyer magazine.

9. Rukin Hyland is one of the leading class action and employment law firms in the San Francisco Bay Area. All four name partners have been named as "Northern California Super Lawyers" for the past three years. Rukin Hyland attorneys represent California consumers and employees in a wide range of claims, including consumer fraud and product defect, job discrimination, harassment, disability rights, retaliation, whistleblower, and contract claims, as well as class actions and collective actions challenging unlawful pay practices.

10. The costs expended to date by my firm in this litigation total \$2,598.48, including costs for depositions, travel costs, copies, mail, filing and court service, and computer research. Attached hereto as Exhibit A is a summary of the costs Rukin Hyland has incurred to date in this litigation.

11. To date, Rukin Hyland personnel have spent over 101 hours litigating this case. At this firm's regularly hourly rates, our lodestar is currently \$53,450. My hourly rate is \$600/hr.; the hourly rate for Billie Mizell, the paralegal/investigator who worked with me on this case, is \$175/hr; and the hourly rate of Brian Beasley, the summer associate who spent approximately 7 hours on the case, is \$150. Attached hereto as Exhibit B is a summary of the lodestar incurred in this case.

12. Based on my experience and knowledge of what other class action attorneys charge, the hourly rates that appear on Exhibit B for Rukin Hyland's personnel are comparable to rates charged by other class action firms in California.

13. I have been an attorney for over 14 years and was a partner at Lieff Cabraser from 2002 until January 1, 2007 and a partner at Rukin Hyland since that time. My hourly rate

at Rukin Hyland is \$600. In the *Borsodi v. Euromotors* action in the San Francisco Superior Court, Hon. John E. Munter approved Rukin Hyland's current hourly rates, including my rate of \$600. See Case No. CGC-08-480861 (Order of January 7, 2011). I understand and believe that the Westlaw CourtExpress Legal Billing Report gathers attorneys' fee cases in California. This Legal Billing Report reflects the years of experience of attorneys and the hourly rates awarded by courts in such cases. The August 2010 edition, true and correct excerpts of which are attached as Exhibit C, shows partners in California firms with similar years of experience to mine billing at the following rates:

\$730 ... Gibson Dunn & Crutcher partner Dora Arash (15 years' experience);
\$755 ... Latham & Watkins partner Stacey Rosenberg (14 years' experience);
\$725 ... Latham & Watkins partner Shayne Kennedy (12 years' experience);
\$875 ... Milbank Tweed Hadley & McCloy partner Brett Goldblat (12 years' experience).

14. The Westlaw CourtExpress Legal Billing Report for August 2010 (Exhibit C) shows attorneys in California firms with 2 to 4 years of experience billing time at the following rates:

\$595 ... Gibson Dunn & Crutcher associate Claire Vigil (4 years' experience);
\$515 ... Gibson Dunn & Crutcher associate Kelsey Lestor (3 years' experience);
\$580 ... Latham & Watkins associate Michelle L.C. Carpenter (3 years' experience);
\$495 ... Latham & Watkins associate Ted Dillman (2 years' experience);
\$600 ... Milbank Tweed Hadley & McCloy associate Melissa Clarck (4 years' experience).

15. Paralegal and investigator Billie Mizell has worked as a paralegal or investigator for close to 15 years. For the past 5 years, she has worked as an independent contractor for various investigation firms, law firms, and non-profit legal organizations. Prior to that, she was employed as a paralegal by the State of California (Habeas Corpus Resource Center) for 5

years, and before that she was a Legal Analyst with Pillsbury Madison & Sutro (more recently known as "Pillsbury Winthrop Shaw Pittman" or simply, "Pillsbury"). The Billing Report for August 2010 shows paraprofessional (marked with code "PP" in the first column) billing rates of \$220, \$195, and \$175 (Exhibit C). Rukin Hyland's rate of \$175 for Ms. Mizell is at the low end of this range.

16. Rukin Hyland undertook this case entirely on a contingency basis, meaning that if Plaintiffs did not achieve a settlement or succeed at trial, the firm would not have recovered any of the costs incurred in litigating this action and would not have been paid anything for the 101.2 hours it has devoted to the litigation.

17. Because my firm is small (currently seven attorneys), our work on this case has affected my ability to accept and devote time to other potentially-profitable work.

18. Throughout the course of this litigation, Plaintiff Alice Tran has shown her ability and willingness to prosecute this action vigorously on behalf of the Class. I have conferred with her on several occasions to keep her updated during the litigation. She has reviewed her own documents relating to her Honda Civic and assisted counsel throughout the case. I believe that Ms. Tran's efforts and willingness to prosecute this action were instrumental in settling the case.

I declare under penalty of perjury under the laws of the United States and the State of California that the foregoing is true and correct, executed this 8th day of August, 2011 in San Francisco, California.
